You Can Make A Difference

Sometimes, all it takes to make a difference in someone’s life is time. A couple of hours spent with a child who may not have an influential adult in his or her life can make a noticeable transformation by positively impacting emotional well-being and behavior. Seniors matched with a child for one afternoon a week have seen these benefits first hand while volunteering to spend their time shaping the lives of local students through the Big Brothers Big Sisters Program. This program matches an adult (a “big”) with a child (a “little”) based on questionnaires filled out by both applicants. Call Chris Nye to get involved.
